result of the injury. See Petition at ¶¶ 10-11. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On June 11, 2024, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent states that

[m]edical personnel at the Division of Injury Compensation Programs, Department of Health and Human Services (DICP), have reviewed the petition and medical records filed in the case. It is respondent's position that petitioner, who is proceeding on behalf of A.B., has satisfied the criteria set forth in the Vaccine Injury Table (Table) and the Qualifications and Aids to Interpretation (QAI), which afford a presumption of causation if the onset of GBS occurs between three and forty-two days after a seasonal flu vaccination and there is no apparent alternative cause.

*Id.* at 12 (citing 42 C.F.R. § 100.3 (a)(XIV)(D), (c)(15)).

**In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.**

**IT IS SO ORDERED.**
